TECHNICAL DATA SHEET

S CEL-7/03 CELLULOSE FIBRE

Product Description:

Wood based cellulose fibre wool semi compressed and delivered to site in 3kg low melt bags stacked on wooden pallets (138 bags per pallet) suitable for manual addition.

Product Specification:

Property	Unit of Measure	Specification
Ash Content	%	<25
Moisture Content	%	<5
Colour	Visual	Grey

Product Storage Information:

Please note that cellulose fibre is produced from recycled paper and therefore should always be stored under cover and away from ignition sources. **Do not use cellulose fibre if it is wet or has been wet and has subsequently dried out.**
